

U. S. REFUSES TO DISCUSS NOTE INFORMALLY

INSTRUCT GERARD TO MAKE NO COMMENT

Government Awaits Formal Reply Before Taking Any Further Action

DRAFT UNSATISFACTORY

Officials Do Not Regard German Proposals as Bringing Matters Nearer Settlement

EXPECT ANSWER MONDAY

WASHINGTON, July 8.—The United States government will not engage informally in any discussion or negotiations with Germany regarding the character of the forthcoming reply to the last American note on submarine warfare. Ambassador Gerard at Berlin has been informed that such is the president's decision and that the ambassador is to make no comment on the tentative draft given him by the German foreign office. If asked for an expression he is to say that the United States will await a formal reply before discussing the question further.

Draft Far From Satisfactory.

The outline of the German note as cabled by Ambassador Gerard is known to be far from satisfactory. With respect to the sinking of the Lusitania on which more than 100 Americans perished, no admission of liability is made whether in extension or not the view is expressed in the draft that when torpedoed it was not believed the Lusitania would sink as rapidly as she did. As for the future, citizens of the United States would be permitted to travel with safety on the high seas if passengers on American ships or on belligerent ships not carrying munitions of war.

The United States would be required to inform the German government of the date of the departure and character of vessels carrying Americans and guarantee that such ships had no munitions of war aboard.

Would Be Unneutral.

In this connection high officials here stated that it would be an unneutral act for the United States to notify any belligerent government of the date of departure from an American port or the character of the cargo of an American merchantman of belligerent.

Bernstorff Urges Broad Statement.

Count Bernstorff, the German ambassador, was in communication by wireless with his government during the day and is understood to have advised the Berlin foreign office that the form in which the proposals had been made did not appear to be acceptable to the United States. He learned that the position of Washington government is that there first must be a recognition by Germany of the principle that an unarmed and unresisting merchantmen must be visited and searched and passengers and crew removed to a place of safety, before the ship is destroyed. Until there is an agreement on this principle the American government cannot discuss any modus vivendi or temporary arrangements, it is declared. The German ambassador it is believed, is urging his government to make a broad statement of the principles involved and reserve for later discussion arrangements concerning the separation of passenger and contraband traffic. The proposals made by Germany that belligerent passenger vessels which do not carry munitions of war shall be immune from attack provided they heed warnings of submarines and submit to visit and search is not regarded as of itself objectionable, providing Great Britain and Germany were to enter into such an agreement.

The American government, it is understood would be willing to assist in making arrangements for the safe carriage of Americans aboard belligerent passenger vessels which do not carry munitions of war if the arrangement were first made between the belligerents.

Would Imperil American Rights.

For the United States, of its own initiative, to make concessions, it is held, would imperil the entire fabric of American rights with other belligerents. The suggestion is contained in the German note as now drafted—that a system of inspection be begun whereby American officials and German consular officers would certify to the character of the vessels carrying departing Americans. This, it is asserted, would be an unneutral act.

As a whole the German proposals

AUSTRIAN SUBMARINE SINKS ITALIAN CRUISER

FRENCH CLAIM TO HAVE SUNK GERMAN DIVER IN CHANNEL

Russ Hold Up Austro-German Attempt to Outflank Warsaw From the Southwest—Austrians Withdraw to Hills North of Krasnik.

London, July 8.—The Italian navy has suffered its first serious loss, an Austrian submarine having successfully torpedoed the Cruiser Amalfi in the narrow waters of the Adriatic. Most of the crew were saved. This is the second allied warship to fall a victim to an Austrian underwater craft, the French Cruiser Isonzo having earlier in the war been caught in the Ionian Sea.

Sink German Submarine.

As an offset, it is claimed that a French warship has sunk a German submarine in the channel, while the British admiralty announced tonight that it was a British submarine which torpedoed a German warship in the Baltic recently, although no details are added to the brief statement made in the Russian official communication the day after the attack took place.

All the belligerent powers are rapidly building submarines, and it is reported that Austria has nine at Pola alone. Thus the Italian ships will run serious risks in moving about the waters of the Adriatic which are well suited to the submarines.

Austrians Withdraw to Hills.

So far as land battles are concerned, interest still centers in southern Poland where the Russians strongly re-inforced with both men and guns, and with their railways and the fortresses of Ivankograd and Brest-Litovsk to draw upon, have held up the Austro-German attempt to outflank Warsaw from the southwest. The Austrians tonight made the admission that before superior Russian forces they have withdrawn to the hills to the north of Krasnik.

Future heavy fighting must take place in this region, but the Russian military writers express confidence that now any effort by the German allies to deliver a lightning blow has been discounted and that the Grand Duke's army will be able to hold its positions and perhaps drive the invaders back.

Heavy Fighting in West.

While this is going on, it is believed that there is little probability of the Germans detaching any part of their eastern armies for a renewed offensive in the west, and that if such a move is made it must be undertaken by fresh troops. There is already heavy fighting at several points in the west, notably in the Woivre district, where the French have regained some of the ground they had lost to the southeast of St. Mihiel and at Souchez, where the French have made a further advance toward the village. But there is no evidence as yet of the arrival of any new armies, which Dutch reports persistently repeat are being moved through Belgium.

The Austrians and Montenegrins have resumed fighting, and both sides claim successes.

PLAYS WITH REVOLVER, IS KILLED.

Ottawa, Ill., July 8.—The 6-year-old son of C. A. Ayers shot himself through the head today while playing with his father's revolver. He died instantly.

are not regarded by well informed officials as bringing the questions at issue between the United States and Germany any nearer a settlement than they were several weeks ago. President Wilson is expected to return here Monday or Tuesday and the formal German reply probably will reach here at about the same time.

There were many evidences in official circles today that the German controversy was again regarded as critical and that the reply as outlined was very disappointing.

May Deliver Reply Today.

Berlin, July 8, via London.—The German reply to the American note regarding the Lusitania and submarine warfare according to information obtained here probably will be delivered on Saturday, July 10, or possibly even tomorrow.

The fact that the American government will not enter into preliminary negotiations respecting the forthcoming German note was communicated to Dr. Alfred Zimmermann, the German under-secretary of foreign affairs, today by James W. Gerard, the American ambassador. The note therefore will go forward to Washington in approximately the same form in which it was drafted. The outlines of this draft was submitted to Ambassador Gerard and by him forwarded to the state department in the expectation by German officials that the American government would suggest any changes that might be deemed advisable.

Although, according to some unofficial despatches from Washington the note is considered "unsatisfactory" it is believed here that it is far less so than when the exchange began and it is hoped that it will lay the basis for continuing the negotiations.

CHARGE IOWANS WITH 1868 MURDER

Two Arrests Result From Unearthing of \$90,000 Treasure Chest

THIRD ONE UNSERVED

Men Are Accused of Having Killed Wealthy Cattle Buyer and His Son

BURY BODY IN OLD WELL

BEDFORD, Ia., July 8.—Bates Huntsman, aged 70, a member of a prominent family in this section, was arrested here today on a charge of murder, growing out of the recent unearthing of a farm near Siam, Ia., of a treasure chest, said to contain \$90,000. The alleged murder is said to have occurred in 1868, when a wealthy cattleman and his son were killed.

Scriber Out on Bond.

Henry Scriber, a wealthy farmer was arrested late today in connection with the murder charge against Bates Huntsman. He was released on bond of \$5,000. Huntsman, unable to give bond, went to jail. A third warrant yet remained to be served. The money taken from the cattleman was buried on the farm and in after years, it was said by officials today, Frank and Jesse James made several visits to the scene of the crime in an effort to locate the treasure.

Result of Suit For Treasure.

The murder warrants are the direct result of the plans of Samuel Anderson of Lucas, Iowa, to file suit against Huntsman and his alleged accomplice to recover a fourth part of the buried treasure. Anderson claims to have been employed to dig the money up about twelve years ago and told his attorney, W. W. Bulman of Charleston, that he had kept silent about it because of inability to reach an agreement with the three men regarding a division.

In preparing for the trial the attorney disclosed facts in connection with the operation of a notorious counterfeiters' gang which in 1868 is supposed to have been responsible for the death of the cattleman. The identity of the victim was never disclosed.

Attorney General Arranges Arrest.

The evidence secured was placed before the attorney general's office in Des Moines, and it was the latter who arranged the arrest of Huntsman this afternoon. The warrant was served by State Policeman Bronson.

Assigns Robbins to Case.

Des Moines, Ia., July 8.—Attorney General Cossom today assigned C. A. Robbins of his office to take personal charge of the investigation at Bedford, Ia., of the alleged murder of a wealthy cattleman and his son by a gang of counterfeiters in 1868, which resulted today in the issuance of warrants for three men prominent in the vicinity.

Mr. Robbins said tonight that investigation had developed that in 1868 a gang of counterfeiters, composed of five men, had operated near Siam, Ia. They held ten acres of land directly adjoining that subsequently occupied by Samuel Anderson, who dwelt in a frontier cabin.

Used Cave as Rendezvous.

In 1868 this cabin was occupied by a widow, Mrs. Floyd Collins, and her children. Nearby dwelt her daughter, who had married Jonathan Dark, a member of the gang. The counterfeiters used as a rendezvous a cave nearby.

Early in the fall of 1868 the gang began to talk of the expected visit of a wealthy cattle buyer, who was coming into that section to buy cattle and hogs, build corncries and fatten the stock for market. They knew he would bring the cash with him, as there were no banks in that vicinity in those days. They also knew he would make an overland trip, as no railroads invaded the territory.

On a moonlight night in September the Collins children heard a disturbance near the cabin. Maria, a daughter, who was fourteen years old, went out on the porch to investigate.

Carry Body in Quilt.

She heard men's voices, which seemed to be coming nearer. Suddenly the men turned the corner near her. They were carrying in an old quilt the body of a fine appearing man whose clothing was of the best. Not far away a youthful member of the gang was holding an ox team. In the wagon was a chest. Seeing the girl, the men turned upon her and compelled her to promise never to reveal the facts to any living person.

Place Body in Well.

The body was placed in an abandoned well, where it was carefully

War News Summarized

The Atlantic transport liner Minnehaha, which sailed from New York July 4 for London has put back to Halifax with a fire in her hold, said to have been caused by an explosion. The vessel has on board large quantities of war munitions, and in view of the intimation of Frank Holt, the assailant of J. P. Morgan, that some steamer would sink at sea on July 7, it is considered possible that the explosion on the Minnehaha was caused by a bomb planted in her cargo.

In the fighting on land and sea no outstanding incident has been reported except the torpedoing by an Austrian submarine in the Adriatic sea of the Italian cruiser Amalfi.

Russia with heavy reinforcements is protecting Lublin, in Poland, an important strategic point in connection with the threatened Austro-German advance on Warsaw. The Russians are attacking their adversaries savagely, and as a consequence have compelled their withdrawal to the heights north of Krasnik.

In the west the Germans have directed a strong attack against the trenches in Flanders which the British troops took from them on July 6, but the attack, according to the French war office, failed, as did also a German attack against the French between Angres and Souchez.

HARRY THAW UNDERGOES SEVEN HOUR CROSS-EXAMINATION

Every Incident of His Life Is Thrust Before Him in an Effort to Let the Jury Observe His Mental Attitude.

New York, July 8.—The jury which is to pass on the sanity of Harry K. Thaw had an opportunity to study him for seven hours today under the cross-examination of attorneys for the state, who are trying to prove he is suffering from paranoia and should be sent back to Matteawan insane asylum.

Every incident of his life, from his school days to his marriage to Evelyn Nesbit; from the slaying of Stanford White to his trials on the charge of murder and his life at Matteawan, was thrust before him in an effort to let the jury observe his mental attitude.

For the greater part of the ordeal Thaw seemed self-contained, but at times he became palpably nervous, and on one occasion showed signs of anger. He was disposed to answer questions at length and often made somewhat rambling, hesitating legal arguments which Deputy Attorney General Cook, his principal cross-examiner, made no effort to stop. At other times he answered in brief, concise sentences, but often with a peculiar enunciation which it was difficult to understand.

FIND WEALTHY LAWYER DEAD

AT HIS HOME IN LAKE FOREST

CHICAGO, July 8.—Frank P. Graves, wealthy lawyer and promoter, president of the North Carolina Land company, was found dead on the floor of his garage in his home at Lake Forest, a residence suburb, today. A coroner's jury returned a verdict said he was ready to go on for a suggested night session when adjournment was taken, but his counsel objected. As he stepped down from the stand a dozen spectators rushed forward to congratulate him on the showing he had made.

The storm played many peculiar tricks. The family of Louis Cohen and that of Meyer Tenenbaum closely related, but living blocks away from each other, were stricken, three of the Cohen family and four of the Tenenbaum family being among the known dead while four other members, one Tenenbaum and three Cohens are believed to be buried in the ruins of their homes.

At Terrace Park, a suburb, a special train carrying race horses from Latonia to the eastern tracks was wrecked. Nineteen thoroughbred horses were killed or injured so that they later had to be destroyed, three of their caretakers were killed while a number of others, including several jockeys, were injured.

Twenty five members of the Sigma Sigma Sorority in convention here were on a river ride on the Steamer Estelle. The boat was immediately run ashore and tied up and it was not until late today that the safety of the party was ascertained.

Tonight the work of searching for the dead goes on while the captain and the twelve surviving members of the crew of the towboat Convey, which hit a bridge pier and went down have given up all hope that the remaining six members of the crew are alive.

Six other members of the crew floated several miles down the river on wreckage from the boat, but managed to land and walk back to this city this afternoon. The damage to Newport, Covington, Bellevue, Dayton, Fort Thomas, Fort Mitchell, Latonia and Ludlow, on the Kentucky side, it is believed will amount equal the amount of damage wrought in this county.

Three More Bodies Recovered

tonight from the ruins of a dwelling on West Sixth street near Custer street. They were the bodies of Mrs. Lewis Cohen and her daughters, Edna and Mamie, aged six and fourteen, respectively.

With the finding of these bodies the total known dead is twenty-five.

TWENTY SEVEN DIE IN CINCINNATI STORM

Ten Are Missing and Property Loss Will Exceed Million Dollars

TWO STEAMERS SINK

One Boat Strikes Bridge Pier—Other Is Overturned By Terrific Force of Gale

SEVERAL TOWNS DAMAGED

CINCINNATI, O., July 8.—Up to 12 o'clock tonight the bodies of 27 persons, victims of the devastating wind and rain storm which struck Cincinnati and vicinity last night had been recovered. Five bodies were found tonight. These included the bodies of Mrs. Lewis Cohen and her two children, Edna and Mamie and Haskin Romy and his six year old son.

At that hour the police believed that ten persons were still missing.

Two Steamboats Sink.

At 9:30 o'clock last night the storm broke, one half hour later the city and its suburbs were in almost total darkness, the telephone system paralyzed, the street car service completely suspended and the citizens groping to ascertain the toll the storm had exacted. Two steamboats had gone down in the Ohio river, one having hit a bridge pier, while the other was overturned by the terrific force of the gale; probably a hundred houses were leveled to the ground; a half dozen lofty church spires were toppled and when the full extent of the damage was ascertained late today, it was found that few houses had escaped damage.

The streets of the downtown district were strewn with electric signs and plate glass while in the residence section and in the suburbs, even wagon and automobile traffic was made impossible by hundreds of trees uprooted and thrown across the thoroughfares. Probably fifty club houses along the Ohio river were swept into the streams and floated away.

Tonight finds the city with street car service practically normal with the exception of the Kentucky car lines which are still out of commission.

The search for bodies in the collapsed houses continues and the river is being dragged and its surface searched for bodies of those who are believed to have gone down on the sunken steamers.

U.S. CONSULS IN MEXICO URGE DECISIVE ACTION

SUGGEST THAT GOVERNMENT WAIT NO LONGER THAN ANOTHER MONTH

Conditions More Serious Than Mexico Has Seen Before are Predicted Unless United States Lends a Hand Quickly.

Washington, July 8.—Urgent suggestions that the United States wait no longer than another month before taking some decisive action to restore law and order in Mexico have been forwarded to the state department by several American consular officers in the northern part of the republic. All these reports it was learned tonight have been forwarded to President Wilson at Cornish, N. H., after being carefully studied by state department officials here. Threatened famine and the inability of the contending military factions to restore peace and establish a government that could be recognized by the United States are dwelt upon by the consular officers.

Predict More Serious Condition.

Conditions more serious than ever troubled Mexico has seen before are predicted unless the United States lends a hand quickly. Recognition of some element which may set up a strong government with the moral support of the United States is the solution usually urged.

Meager despatches that reached the state department today from Vera Cruz said Carranza's army estimated at 25,000 men had pressed its fight for possession of Mexico City within ten miles of the capital. Apparently the investing forces had advanced eleven miles during the Zapata defenders in two days, practically reaching the city's suburbs.

None of the department's advisers indicated whether the defenders who are believed to number about 15,000 had been driven back during the fierce fighting or had voluntarily withdrawn to lines closer to the city. The Brazilian minister in charge of American interests has notified leaders of both forces that foreigners in the capital and its vicinity must be protected.

Food Shortage Reports Continue.

Reports of food shortage continued to reach the state department and the red cross today from various parts of Mexico. One despatch from northeastern Mexico stated that with the railway cut again supplies in that section would last only a few days.

Notice that any attempt to extradite General Victoriano Huerta to Mexico will be opposed has been given by the state department to Governor Ferguson of Texas, and to both the Carranza and Villa leaders.

Governor Ferguson recently referred to the department a formal application from the Villa governor of Chihuahua for extradition of Huerta on various criminal charges and later an informal request for the extradition of Huerta was made by the Carranza agency here. Aside from the extradition applications, which had never been regarded here seriously except as a possible means of further complicating Huerta's status, the United States is determined that the general shall not get back into Mexico to forward a new revolutionary scheme.

To Keep Watch on Huerta.

Officials said tonight that whatever might be the outcome of proposals regarding Huerta's liberty at this time, and regardless of whether the neutrality violation charges pending against him at El Paso ever were prosecuted the government would keep him under surveillance and finds means of preventing him from crossing the border.

CLOSE ADRIATIC SEA.

Washington, July 8.—Closing of the Adriatic Sea to merchant vessels of all nations, except when bound for Montenegro or Italian ports under convoy furnished by the Italian ministry of war, is announced in a telegram from Ambassador Thomas Nelson Page at Rome dated yesterday and given out tonight by the state department.

WEATHER FORECASTS AND TEMPERATURES.

WASHINGTON, July 8.—Illinois: Partly cloudy and slightly warmer Friday; Saturday probably showers. Temperatures. The current, maximum and minimum temperatures recorded Thursday were:

Monroeville, W. Va., July 8.—Mat Jarrell, a miner of Cabin Creek, who was convicted last February of the murder of Silas F. Nantz, a constable, has been sentenced to be hanged at the state penitentiary here tomorrow.

BURNING LINER SPEEDING TO PORT

Steamer Minnehaha Is Due to Reach Halifax This Morning

FIRE UNDER CONTROL

Officials Bend Every Effort to Learn Whether Explosion Was Work of Holt

SEND HOLT'S BODY TO DALLAS

NEW YORK, July 8.—While the steamship Minnehaha, afire at sea with 15,000 tons of munitions aboard was speeding to Halifax, N. S., tonight, the Atlantic Transportation line officials and authorities here were bending every effort to learn if the blaze caused by an explosion could possibly have been the work of Frank Holt, the assailant of J. P. Morgan, who had given warning that a steamship would sink in mid-ocean on July 7.

Due at Halifax Friday.

The Minnehaha was due to reach Halifax tomorrow morning. Captain Claret's latest message said the fire was under control. It started late yesterday from an explosion in a forward hold far away from the munitions, which were stored aft. Although Captain Claret did not say so, line officials here believe that he had picked up the wireless warning sent to all ships and had caused a search to be made to ascertain if there were any bombs aboard.

The fact that no further word was received tonight at the offices of the Atlantic Transport line was taken to indicate that the ship was making good progress. Officials of the line awaited anxiously for a report from Captain Claret as to the origin of the explosion because of the Holt warning. Officers of other lines which now have boats at sea were equally interested in hearing Claret's report. The Minnehaha left here July 4th for London. She carried no passengers. Her crew numbered nearly 100.

Believed Holt Worked Alone.

The inference that Holt had accomplished because of the large amount of money he was supposed to have spent was almost abandoned by the police tonight upon the receipt of much of the dead man's correspondence. It came from Lithuania and consisted of letters written to Holt by friends in English, German, French and Spanish.

After Guy Scull, secretary to Mr. Woods, had gone through half the letters he announced he had found nothing in the correspondence to indicate that Holt had an accomplice. Secretary Scull said most of the letters were of a business nature and were dated about 1905.

With the letters were a number of newspaper clippings referring for the most part to murder and insanity. This Scull pointed out seemed to clinch the fact that Holt was Erich Muentzer, if nothing else did. He pointed to the statements of Prof. Muentzer of Harvard University that Muentzer was always deeply interested in insanity.

Late today Holt's body was shipped from Hempstead to Dallas, Texas, where it was said that he would be buried.

Postpone Inquest.

The inquest into Holt's death which was to be held today was postponed until tomorrow by Justice of the Peace Jones owing to the absence of Jeremiah O'Ryan, the keeper of the jail, who was detailed to guard Holt.

Justice Jones said he intended to ascertain from O'Ryan why the door of Holt's cell was left open on the night the latter committed suicide.

To Be Buried in Dallas.

Dallas, Tex., July 8.—The body of Frank Holt, alleged wife murderer, bomb maker, would-be assassin and suicide, will be buried here, it was announced today, because the woman he married five years ago "cannot bear to think of her husband lying in a distant grave."

"My daughter first yielded to our wishes that the burial be in Itasca, N. Y., so she might be spared the ordeal of the funeral," said Mrs. Holt's father, the Rev. O. F. Sensabaugh, in making the announcement late today. "But later she insisted on Frank being buried here, where she expects to make her home."

The body is expected to arrive here Sunday.

In line with the statement that a number of bridge companies in this country are planning to undertake contracts for the production of ammunition is the order recently issued by England stopping the exports of various metals. Lloyd George who is the munition minister in the recently organized cabinet has announced that there can be no further exportation from Great Britain of lead, spelter, antimony, nickel or any other metal which can be used in the manufacture of munitions.

Although a great many regiments of Canadians are in training for war service they are to be so handled that their enlistment will not interfere with the grain harvest. A good many of the enlisted men are farmers, and the minister of militia has just issued an order whereby soldiers may be given a leave of absence to help gather the harvest now ripening. This work is properly considered as in the line of patriotic duty just as much as that on the firing line.

The lists of casualties and fire losses compiled as the result of Fourth of July celebration do not give much encouragement to those people who have made a continued campaign for the so-called sane celebration of the nation's birthday. According to the statistics the loss of life this year was more than twice that of July 4th, 1914, and the property loss though fires was three times as great. Possibly this is due to the fact that the Fourth came on Sunday and that in some localities there was a three days' celebration instead of one.

The saloon fight at Danville has taken on a new phase through court injunction action. The majority of the council at Danville is dry and recently licenses to all saloons were refused. The mayor of the city does not sympathize with the dry majority and refused to interfere with three saloons which have been in operation since May 1st without license. Now information has been filed against the saloon men, their bondsmen and the owners of the buildings they occupy, and injunction writs asked for to restrain them from doing business until the property rights at issue are settled.

In addition to other orders recently given by Sheriff Wheeler of Sangamon county in his commendable campaign to clean up Springfield, he has ordered the arrest of all young women who frequent cafes either in the afternoon or evening. It is said that as many as 100 young women have been in the habit of frequenting such places and allowing men to buy drinks for them. Recently two young women from Peoria were arrested and subsequently sent back to their home and notice given that all women found in such places would be subject to action from the sheriff's office. Under present conditions offenders can be prosecuted under a new state law and fined \$200 or confined in prison. The stern provisions of this law will make it easy for the sheriff to see that his new order is obeyed.

Watch for Inspectors.
Every little while there is a flurry in some Illinois city following the visit of a deputy food inspector and his findings in stores and markets. Sometime since an inspector visited Springfield stores and in a number of them found conditions not satisfactory. He suggested various changes and recently a second inspection indicated that the orders given had not been complied with. Now the merchants have been served with papers and in court must give their reasons for not having observed the pure food mandates. If there are any Jacksonville merchants who are not living up to the provisions of the pure food law it will be well for them to take warning from the predicament in which the Springfield men find themselves.

An interesting case was recently decided in the United States district court in St. Louis where stockholders of the National Bank of Commerce sought to recover a \$50,000 bonus given to B. F. Edwards of St. Louis when he retired as president. The plea was set up that the bank received no adequate return for the payment of this \$50,000, but the defense was that Edwards waived his interest in the bank pension fund and also entered into an agreement that following his retirement that he would not engage in business with any other bank, and the court declared that the directors acted within their rights in making such a payment.

The Price of Wheat.
The price of wheat continues about the same notwithstanding the prediction made two weeks ago that

before threshing time the price would be down practically to that at the same season last year. Elevators in this locality are still paying from 97c to \$1 per bushel, but an agreement must be made to deliver the grain within about fifteen days. One reason the price has been maintained is said to be because the rains which have interfered with local farmers are said to be widespread and the conditions which prevail here are practically duplicated in Kansas, Nebraska, Colorado and a number of other wheat producing states. Many local farmers have had a very hard struggle in getting their wheat into the shock and in some instances the grain is still standing because the ground is so wet that binders cannot be used. In a number of instances farmers have grain fields which will be practically a total loss except for what they can save by turning in hogs. This happens in instances where the grain is down and tangled because of heavy rains and wind. It is now overly ripe and the continued rains are causing the grain to rot.

The Mt. Vernon Way.
Jacksonville is without funds to meet current bills, has anticipated the taxes of 1916 and has a large floating debt, but its condition cannot be compared with that of Mt. Vernon, where there have been recent exposures of graft in city affairs. It has developed that the council is unable to provide funds for about \$26,000 worth of city orders which have been cashed and are held by banks and the indications are that quite a large number of these orders are forgeries. A member of the city council's finance committee says that the new administration has no money, \$40,000 of debts and no funds in prospect until next March. Nashville sometime ago set a new precedent in municipal affairs by asking for a receivership, and it is said that some of the Mt. Vernon officials are informally discussing the advisability of this same course. Jacksonville is hard up for funds but in no worse condition than it has been a number of times before, and if the present officials are given the opportunity, there is good reason to believe that they will find the way to wipe out the city's debt and get municipal business on a cash basis.

Conditions Worse in Mexico.
While communication from Mexico City has now been practically cut off, it is known that a terrible condition exists there. Unofficial statements from the Mexican capital tell of recent firing by soldiers upon women and children who were making a great demonstration in the demand for bread. The conditions are said to be much worse than those which followed immediately after the Madero revolution and certainly more serious. From an American standpoint the situation now is more grave than at the beginning of the Huerta regime, because this government is not now directly represented at the Mexican capital as it was then. Now it must be left largely to the imagination to decide exactly what is the condition of Americans who have remained in the Mexican capital. True they have had repeated warnings to leave but no doubt many of them are so stationed there that it was practically impossible to come away without a great sacrifice of property. With good reason the dilatory policy of the United States in handling the Mexican situation is more and more open to criticism.

Are Offered Ammunition Contracts.
As an evidence of the great efforts being put forth by the allies to secure additional shipments of ammunition from the United States it is said that a number of the smaller companies now engaged in building bridges have been offered large contracts for the making of shrapnel. The offers are such that the supply of officers are willing to contract for all the shrapnel that can be produced in two years' time, and furthermore include in the offer that they will pay in advance twenty-five per cent on the entire contracted order to provide the contracting firm with funds to purchase new equipment. It is also a part of each proposition that the proposed contracts are not dependent upon the duration of the war, but that all ammunition manufactured during the two-year term will be taken. The demand for machinery to engage in this line of manufacturing has been such that it is estimated that it will be six months before any bridge company desiring to change its line of production to war supplies can secure the necessary machinery.

WOMEN IN THE NEWS.

New York—The Maharajah of Kapurthala, who, with Princess Prem Kaur, the most popular of his household of four wives, has been touring America, has planned to sail for Europe on Saturday. Two months ago, the Maharajah arrived from India and within a few days of his arrival here he made the ladies of America sit up and take notice by declaring he had not seen a pretty woman here. Now the Indian prince has travelled far and wide, and should, by the law of experience, be an authority on beauty. But he declared our girls are ugly, and he will be unforgotten when he embarks. The Maharajah and his pretty Spanish wife, who was a dancer in Madrid when the Indian prince came to Alfonso's wedding and fell in love with her, have taken in all the sights of America. The Princess is charming and is able to hold the centre of the domestic affairs of her husband, who has placed his other three wives in separate establishments. She is able to maintain the good will of her discarded rivals by

entertaining them at her royal palace a few times a year.
Chicago—The women of twelve states can vote for the next president. These states are Wyoming, Colorado, Utah, Idaho, Washington, California, Oregon, Arizona, Kansas, Illinois, Nevada and Montana. The number of women who will be eligible to cast their votes is estimated at four millions.
Philadelphia—Miss Margaret Folger of Boston, mill worker, professional swimmer, magazine writer, social worker and suffragist spell-binder, electrified the baseball fans here yesterday by a speech from the center of the baseball diamond. She added laurels to her long career in the suffragist cause, wherein she defeated political gangsters in her home state, put the president of the Massachusetts state senate out of office by campaigning against him in his own town, and stumped through Nevada last year.
Seattle, Wash.—Miss Edna G. Thorpe of Napa, Calif., the first woman president of the United Amateur Press association is presiding today at the nineteenth annual convention of the amateur journalists. The organization has members in thirty six states.
Detroit—The "Bersagliere" is to be the very last word in headdress for the fashionable woman in America, according to the millinery jobbers who held a convention here last week. While the name looks formidable, it means nothing more strange than the feathers of the common barn yard rooster. Italy's jump into the European war is responsible for the expected popularity of the new millinery creation. The "Bersagliere" is the name of that oval crowned, medium brimmed black hat worn by the Italian soldiers with a large bunch of jet black rooster feathers trailing over the right side of the brim. The varied hues produced as the light plays upon it is an effect that the millinery savants are quick to bring before the American public. The creation will be inexpensive.
New York—Anna Pavlova, the famous Russian dancer, with her large troupe of ballet dancers, is on her way to California, where she will pose for the "movies," with her wonderful ballet. She has broken the contract record, for she is to receive \$150,000 in cash and large royalties for her six weeks' work before the cameras.
Boston—Mrs. Felipe Angeles, who fled Mexico two years ago, and may yet be the first lady of Mexico when the strife there is quelled, has been living quietly in Boston, with her beautiful daughter, Isabelle. She is the wife of General Angeles, the famous aide of Villa, who some think may be the man selected to head the reconstruction government in the war swept land. Mrs. Angeles and her daughter speak excellent English. They escaped from Mexico at a critical time, and are now hopeful of an early return.
San Diego, Calif.—A modern Enchanted Arden, returning home after twenty five years to find his wife again married and his name registered as legally dead, has been put to the extreme predicament of proving his identity. Anselmo Sosa, a real estate dealer of Santa Anna, is the returning husband, and his former wife is now Mrs. Mary Bruce, and lives in Berkeley. His former wife refuses to come to identify Sosa. It was to reclaim a lot of land that he owned that he appeared in the local court.

The Housewife's Soliloquy

"The health of the household depends on me,
And that's why I guard it so jealously.
When I select the meat for pot or pan,
I invariably go to my Butcher Man;
For I know all he sells is perfectly good,
The freshest and best of palatable food;
And the money I save on the meats I buy,
Will show how well I can justify
My claim that it pays to share you see,
Is the Butcher Man's reciprocity."

FUNERAL SERVICES WERE HELD FOR MRS. JOSEPH WARCUP

Large Number of Friends Pay Last
Tribute of Respect to Long Time
Resident of Murrayville.

A large number of friends gathered at the Methodist church in Murrayville Thursday afternoon at 2:30 to pay a last tribute of respect to the memory of Mrs. Joseph Warcup. The services were in charge of Rev. C. S. McCollom, pastor of the church. Mrs. Warcup came to this country from England and had practically spent her entire life in Morgan county. She was a woman devoted to her family and was always kind of heart and faithful to every trust. It was in these qualities that the minister found opportunity to speak of the long and useful life which had ended, and he paid a fitting tribute to her worth and Christian life.

Music was furnished by Mrs. C. S. McCollom, Miss Stella Cunningham, George Coultas and J. H. Dial. Mrs. Nettie Millon was organist.

The beautiful flowers were cared for by four grand-children, Misses Clara Millard, Zula Worrell, Grace Warcup and Velda Millard.

Burial was made in Bethel cemetery and the bearers were Messrs. Charles Daniel, Jesse Dunaway, Harry Cade, William Fanning, William Cook and J. H. Dial.

WITH THE SICK.

Miss Stella Bambook, daughter of A. W. Bambook of 907 Sherman street, is convalescing, and is glad to be at home after being at Our Saviors hospital for three and a half months, suffering with typhoid fever.

James Whalen of South Clay avenue, is reported very ill at Our Saviors hospital with paralysis of the bowels.

William Barr Brown, Sr., is ill at Passavant hospital, threatened with appendicitis.

Dr. Jennie Sprouse of Evanston accompanied her daughter Elizabeth here Thursday. The daughter will take treatment at Passavant hospital.

Harry Herring who received an injury to his eye and is at Passavant hospital is improving.

GOOD TREATMENT

FOR OILY SCALPS
Men and women whose hair and scalp are excessively oily suffer more in the warmer months than at any other time. The summer's dust and dirt mingle with dandruff, cling to the oily hair and scalp, clog the scalp pores, stiffen the hair roots and make proper cleansing impossible.

Parian Sage is an ideal treatment for this trouble. Wash the hair not oftener than once a week, but use Parian Sage twice daily, pouring a little into the parted hair and rubbing briskly right into the scalp with the finger tips. It drives out dandruff, dissolves the excess oil and stimulates the scalp into healthy normal action. Sold by Coover & Shreve and leading druggists everywhere.—Adv.

TRADES ASSEMBLY MEETS.

At the regular meeting of the Trades and Labor Assembly Thursday night the semi-annual election of officers was held, with the following result:

President—Frank Mathews.
Vice president—Louis Gause.
Recording and corresponding secretary—A. L. Wood.
Financial secretary and treasurer—F. G. Shannon.
Trustee—M. Heffernan.
Sergeant-at-Arms—Frank McKenna.

AT THE GRAND.

Dunn and Dean opened an engagement at the Grand Thursday afternoon and pleased the audience at both afternoon and night performances with their clever singing, dancing and imitating. They are to appear at the theatre the remainder of the week. In addition to the vaudeville, Manager Johnson presented a good program of pictures.

WILL PREACH ANNUAL SERMON.

The Rev. J. W. Miller, pastor of Grace church, will preach the annual Strawberry sermon at the First Methodist church in Springfield Sunday, July 9. This annual sermon is provided for by the will of the late Thomas Strawberry. The Rev. Mr. Miller was appointed to this service by the Illinois annual conference at the session held last September.

SPENT PLEASANT TIME.

The Ladies Aid society of the Christian church of Woodson spent Thursday at the home of Mr. and Mrs. Horace Wyatt of Murrayville. Mrs. Lambert Hastings, Mrs. John McGinnis and Mrs. J. Frank Kifer, all of South Jacksonville were among the guests present. An abundance of good things to eat were taken by the members of the society which added to the pleasure of the day.

PASSAVANT VISITORS.

The following visitors were at Passavant hospital Thursday: J. A. Edwards, Roodhouse; R. S. Harblson and daughter, Chanderville; William McCormick, Woodson; George Hawk, Roodhouse; Miss Maud Taylor, Chapin.

STATE CONVENTION.

The Rural Carriers' Association will hold their State Convention in Olney, today and Saturday. Those who will attend from the local association are A. R. Leake, Jacksonville; Homer Lewis, Ashland; P. J. Uhlman, Meredosia and George Lemmon, Manchester.

STATE EXAMINERS FOR CHAUFFEURS HAVE ARRIVED

Examinations Will be Held Today and Friday in the Court House—Estimated that Fifty Should Take the Test.

Ben Cochran of Sullivan and D. W. Leslie of Chicago who are working under secretary of state Lewis G. Stevenson, arrived in the city last night for the purpose of holding the examinations for chauffeurs. The examinations will be held today and until Saturday noon at the Court house. All chauffeurs, mechanical, employed or hired are compelled by law to take the examination, which will be both oral and written. There are a few chauffeurs who have licenses but it is estimated that there are at least 50 here who should take the examination. The law says that a fine of \$25 and cost will be for the first offense, of those trying to run cars having not passed the test and for the second offense the amount will be doubled.

Interesting statistics are shown in the reports of the examiners thus far compiled. Over 155,000 automobiles are licensed in the state of Illinois alone as compared with 100,000 autos in the entire country of France. Seventeen thousand chauffeurs have already been examined this year and before the close of the twelve months the number is expected to be increased by more than 22,000.

AMERICAN NAVAL OFFICERS TAKE OVER SAYVILLE WIRELESS PLANT

Station Will Be Operated by the Government Until the Close of the European War.

Washington, July 8.—American naval officers today took charge of the powerful wireless plant of the Atlantic communication company at Sayville, Long Island, which will be operated by the government until the close of the European war to insure against violations of neutrality. This is one of the two stations in the United States maintaining direct communication with Germany, the other at Tuckerton, N. J., has been under control of the navy department since last fall.

Captain William Bullard, superintendent of the naval radio service, took over the Sayville station, presenting a letter to the owners from Secretary Daniels. He is empowered to make all preliminary arrangements for the collection of tolls and management of the plant and will use his discretion in deciding whether to retain part of the present force or man the station with all navy operators.

WILL ARGUE MOTION FOR NEW TRIAL FOR LAWSON TODAY

DENVER, July 8.—The Colorado supreme court late today denied a motion filed by attorneys for John R. Lawson, strike leader convicted of murder, for a writ of prohibition to prevent Judge Granby Hillyer from taking any further action in the Lawson case.

The action of the supreme court means, according to attorneys on both sides of the case, that the motion for a new trial for Lawson will be argued before Judge Hillyer at Trinidad tomorrow.

The court in refusing to take original jurisdiction and grant the motion, held that the same issues could be brought up in an appeal and that immediate action was not necessary.

MAKES PLEA FOR FARM WIFE.

Chicago, July 8.—A plea for the farm wife was made today before the delegates to the fourth annual bankers-farmers conference by Mrs. Nellie Kedsie Jones of Auburndale, Wis., who declared that the American banker is in a position to lighten to labor of women in rural life by remembering that there should always be a partnership between the husband and wife on the farm.

ANOTHER STORM DEVELOPING.

Chicago, July 8.—Another storm is developing in the Rocky Mountain region according to the United States weather bureau and is expected to move eastward in the wake of the storm of last night. The rain will cross the Mississippi Valley tomorrow night or Saturday according to the forecast. The temperature still below normal, will rise slightly, it is said, but no heat wave in sight.

MOODY CONFERENCE

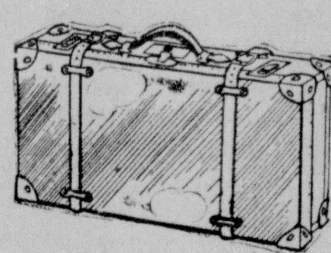

FOR WOMEN.
Northfield, Mass., July 8.—An 8-day summer conference of women's missionary societies opened today at the Dwight Moody school. Hundreds of women, from school girls to white haired grandmothers are attending. The reports of world conditions have been brought from the mission fields and will be delivered by prominent women missionaries. It is announced that Rev. G. Campbell Morgan of Westminster Chapel, London, will attend the Conference for Christian Workers which will open here on July 30.

TO ATTEND EXPOSITION.

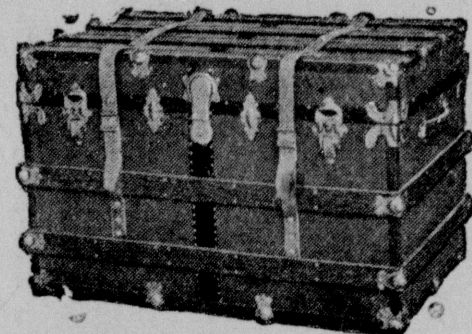

Mrs. Otis Hoffman of North Prairie street left Wednesday afternoon via the Wabash road for Denver. She will spend a part of her time in Colorado Springs and later will go to the Panama-Pacific exposition and will probably be absent from home about two months.

Edwin Sooy of Murrayville transacted business in the city Thursday. Rev. Mr. Lunn of McLeansboro is visiting Mr. and Mrs. F. M. Campbell at the Pacific Hotel. Misses Gertrude and Loretta Kiley left Thursday evening for their home in Easton, Pa., after a three weeks visit with friends in the city.

SOUTHERNERS ACKNOWLEDGE BROTHERHOOD WITH NEGRO RACE

Delegates to World's Christian Endeavor Convention in Chicago to Extend to Race the Hand of Fellowship.

Chicago, July 8.—Moved by stirring speeches of men prominent in church and business life of the south, three hundred southern men and women, delegates to the world's Christian Endeavor convention in session here today openly acknowledged brotherhood with the negro race and determined to extend to it the hand of fellowship.

Out of this idea is to grow the southern extension committee of the Christian Endeavor which the Rev. Ira Landrith of Nashville, Tenn., calls the beginning of the inter-racial, non-national union of the colored people.

"We are going to get behind the negro problem," declared Dr. Landrith. "We are going to take the Christian Endeavor work into the negro churches, organize new societies, extend it and help millions of blacks to enlightenment. God has placed at our door the greatest opportunity for Christian work that ever came to any missionaries anywhere. We cannot dodge the negro question if we would and we would not be worthy of him we serve if we would dodge it if we could. We will fight until we are above the criticism of the intelligent and the unselfish; we can ignore the criticism of the indifferent and the unintelligent."

INDICT SIXTEEN FOR ALLEGED VIOLATIONS OF NEUTRALITY

Four Corporations Are Also Named in True Bills Returned by Federal Grand Jury.

San Francisco, July 8.—Sixteen individuals and four corporations were indicted today by the federal grand jury for alleged violations of American neutrality. Ralph K. Blair, alleged British recruiting agent, was the object of two indictments, one charging him with hiring and retaining recruits for foreign military service and the other conspiracy to do so. Names of others indicted were withheld pending their arrest.

Four men besides Blair and one corporation were indicted in connection with the alleged recruiting of men for the British army.

Three corporations and eleven individuals were named in indictments returned in connection with the alleged delivery of supplies to German warships by the steamer Sacramento and the alleged making of a fraudulent manifest.

Bond was fixed at \$1,000 on each indictment.

TRY CHICAGO POLICE OFFICERS

Chicago, July 8.—William Egan and Walter O'Brien, detective sergeants of the Chicago police, who were indicted on charges of bribery, will be placed on trial today before Judge John M. O'Connor. The specific charge against the detectives is that they accepted \$500 in payment for immunity from arrest extended to "Ed" McCabe, a clairvoyant.

ARRESTED ON CHARGE

OF BOOTLEGGING
Deputy Sheriff Stice arrested Louis alias "Duck" Cady Thursday afternoon on the charge of bootlegging. Held now in the county jail.

NOTICED THE DIFFERENCE.

Travelers along the North Main highway noticed the difference after the recent big rain as to the good use of oil. The oil has been put on from about one and a half miles out and drivers of cars had to put on chains after leaving the oiled roads.

Mrs. H. L. Griswold and children, Harry and Frances, spent Thursday at the home of A. J. Hall and family in Waverly. Frances will remain until Saturday.

Mrs. Frank Doolittle has returned from a visit with her son in St. Louis.

PLEASE bear in mind that you were a kiddie yourself once. Then drop in our bakery and buy a few cookies for the little ones. Perfectly healthful. And don't forget our bread.

AMERICAN FARMERS PLANT RECORD ACREAGE

OUTLOOK FOR BILLION BUSHEL
WHEAT YIELD CONTINUES TO
GROW.

Official Estimates Disclose Pros-
pects of Production Exceeding
the Average of the Last Six
Years in Almost Every Import-
ant Crop.

Washington, July 8.—American
farmers, confronted with feeding
the world while Europe is at war,
have planted record acreages of
all principal crops. Moreover, offi-
cial estimates made public today by
the department of agriculture dis-
close prospects of production ex-
ceeding the average of the last six
years in almost every important
crop.

Give Promise of New Records.

Based on the growing conditions
on July 1st, some foodstuffs crops
give promise of new records. Their
money values promise records ac-
cordingly. Corn, greatest and most
valuable of all American farm pro-
ducts, shows an area of 109,273,000
acres—half a million more than
ever planted to that crop before—
and it is expected to produce 2,814,-
000,000 bushels. Despite wet and
cold weather for seven weeks which
has retarded growth and cultiva-
tion in the important corn states
and forced the condition 3.5 per
cent below the ten year average, the
new crop nevertheless, is estimated
to be 106,000,000 bushels greater
than the last ten years average
and 141,000,000 greater than
last year's production.

Big Yield Outlook Grows.

The outlook for the billion bus-
hel wheat yield continues to grow.
Latest estimates raise the prospec-
tive production to 963,000,000 bu-
shels, an increase of thirteen mil-
lion bushels, since the last estimate.
Winter wheat however, shows a 9.7
percent drop in condition which re-
duces its prospective production 8,-
000,000 bushels. That is ascribed
to rains in Nebraska, Kansas, and
Oklahoma. Other states were re-
ported practically the same or bet-
ter than a month ago. The Hes-
sian fly's depredations are not re-
flected in the June report.

Those reports now at hand in the
department of agriculture show that
corn, winter wheat, oats, white and
sweet potatoes and rice are growing
on record acreages.

The acreage of corn and the July
1st condition and estimated produc-
tion of corn, winter and spring
wheat, oats and barley by principal
states follows:

There is a better world they say, a shining place across the way,
where people weep no more; and all my days I have been told of
jasper gates and walls of gold and streets of vir-
gin ore. I'm sure there is a better land, where
we'll rejoice to beat the band, and lay our burdens
down; but no one there thinks gold a prize, and
none will pause to analyze the metal in his crown.
The pictures of that joyous place with which they
bring me face to face, are sordid, gross and mean;
for one, I don't believe in such a heaven for the
idle rich, with gold and gasoline. The truth about
that land is sealed; its glories have not been re-
vealed, men would not understand; and all the
stories that we hold, of pearly gates and streets of
gold, were writ by mortal hand. They do not mea-
sure values there as would a fourth rate mil-
lionaire; there's no such thing as Cost; if gold is valued more than
zinc, up where the angels nectar drink, then heaven is a frost. Ah,
no my friends, that sunny shore, where we shall meet when life is
o'er, has ne'er a use for coin; it has no gold along its pike, it does not
measure values like Chicago or Des Moines.

Hupmobile is Rub at Small Cost.
A trade tour of 1900 miles in a
Hupmobile touring car at a total
expense of \$20.80, was completed
recently by a St. Louis man.

The tour consumed 90 gallons of
gasoline, for which the tourists paid
from 9 1-2 to 14 cents. The cost of
gasoline and oil was \$10.80. A
broken spring leaf cost \$2 and the
rest of the expense was for garaging
and cleaning the car.

TO RESTRICT RAILROAD RECEIVERSHIPS.

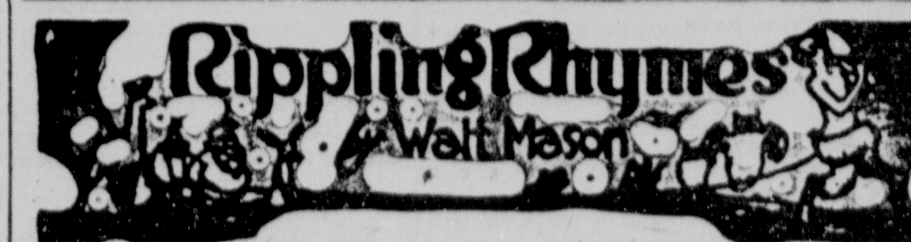

Proposed Law Would Make It Possi-
ble to Name Receivers Only With
Consent of Interstate Commerce
Commission.

Washington, July 8.—It is very
strongly intimated here as a result
of the investigation of the Rock Is-
land railroad receivership by the
Interstate Commerce Commission,
that at the next session of Congress
a bill will be introduced, which, if
enacted, will make impossible the
appointment of receivers of a rail-
way property without the sanction
of the Interstate Commerce Com-
mission, and without an opportunity
for the stockholders, who are the
owners of the railroad, to be heard
on the question.

In the case of the Rock Island it
was shown that the receivership was
precipitated on the demands of men
who had no direct ownership in the
road, and that the stockholders pro-
tested against this proceeding. The
spectacular career of the Rock Is-
land during the past few years, its
financial troubles and the losses of
its stockholders make it an object
of particular attention among Sen-
ators and Representatives. It is in
this quarter that the new legisla-
tion is suggested.

The purpose of the prospective
legislation, it is explained, is to
make it impossible to have snap
judgment taken by any interested
parties which may operate to a de-
triment of the majority of the
stockholders or creditors of a rail-
road. Furthermore, those who
have considered this new legislation
are inclined to the belief that there
should be embodied in this bill a
provision which will give the Inter-
state Commerce Commission power
to name the receivers of the prop-
erty of a common carrier when it is
demonstrated that a receivership is
necessary.

AN INGENIOUS MACHINE.

J. W. Bowen, residing at the cor-

horses couldn't draw a binder

still the binder was inclined to get

took two beer kegs and arranged
them with temporary axles, one in
front and one in the rear and now
the binder goes right along while
neighboring ones are stuck.

At first Mr. Bowen was fearful

PITTSBURGH SCORES RUNS IN SECOND INNING.

Tallies are Due to Blunders in the Field by the Phillies—Mamaux Pitches Masterful Game.

Philadelphia, July 8.—Pittsburgh won the opening game of the series, the visitors' runs being due to blunders in the field by Philadelphia in the second inning. Mamaux had the home team at his mercy except in the eighth and ninth innings when he pulled out of tight situations.

DENMARK AND EXPOSITION

San Francisco, July 7.—The exposition authorities have had a second rupture with the Danish exhibitors at the fair, and a legal controversy is possible. The director of the Danish exhibits refuses to sign a contract drawn up by the exposition authorities with the idea of protecting the public in the authenticity of purchases. Otto Wadsted, consul for Denmark, upholds the action of the Danish director, asserting that the contract is an affront to the dignity of Denmark. Some time ago another altercation arose over the sale of goods to the fair visitors, but it was patched up. It has been recently discovered that certain exhibitors, not the Danish exhibitors, were disposing of domestic goods as imported products. A new contract was drawn up which many accepted but which the Danish exhibitors declare is an insult.

IN THE WORLD OF SPORT

Christy Mathewson Coming Back to Form.

Photo by American Press Association.

Christy Mathewson, who was regarded as all in until a short time ago, seems to have regained his old time skill. The shutout game against the St. Louis team was Matty's effort of the season. His shoulder still bothers him slightly at times, but has caused him no serious inconvenience since that Chicago medico snapped or rubbed or thumped or pulled a misplaced nerve back into its normal position. Matty declares that he still has twenty years or so to go. Now that "Big Six" is back in condition, it looks promising for a winning streak for the Giants.

Joe Birmingham's Mistakes.

The ousting of Joe Birmingham of the Cleveland team did not come in the nature of a surprise to those who are familiar with conditions here. The former center fielder has become a changed man ever since he donned the managerial togs. From a genial, conservative player, he suddenly developed into somewhat of an arrogant manager, and the result was that it did not take him long to get himself in bad. Then, too, he adopted a rough policy in the handling of his players, having heard that John McGraw's success was supposed to be due to his ability to apply strong names to his charges. Birmingham is said to have adopted this system, with the result that his players resented the language used and refused to put forth their best efforts to help their leader.

The fact of the matter is that Birmingham was misinformed as to McGraw's system, for there is nothing about the New York manager that is objectionable, so far as his treatment of his players is concerned.

Home Run Records.

Ray Caldwell, the Yankee pitcher who recently distinguished himself by making three home runs in three consecutive games, established a record for a pitcher. The major league records show that Robert Lowe, Edward Deleahanty and Big Dan Brouthers each knocked out four home runs in a single game. Deleahanty, a member of the Philadelphia Nationals, faced Adonis Terry of the Chicago five times in a game played on July 13, 1890, and his record was four circuit wallop and a single. Lowe, while playing with the Boston Nationals in a game with Cincinnati on May 30, 1894, also hammered Pitcher Elton Chamberlain for four four-baggers and a single base hit in as many times at bat. Brouthers made his record while drawing a salary from the Detroit National league champions in 1887.

Reason For Heavy Batting.

The White Sox have developed a remarkably heavy batsman in Fournier, who at present leads the American league, and there's a reason. Fournier, a natural slugger, follows Eddie Collins in the batting order. Collins gets on the bases so frequently that he is able to worry the opposing pitchers to such an extent that finally they are compelled to groove the ball to Fournier to get it over the plate. Then the big Frenchman whales away with successful results. Baseball sharps who have solved this problem say that the antics of Ty Cobb on the bases also have helped Sam Crawford to swell his batting average from year to year.

Prizefights Legal in Cuba.

That the holding of prizefights in Cuba is legal has been decided by the supreme court. The court rendered this decision in dismissing a test complaint against Governor Bustillo of Havana province charging that he was guilty of an infraction of the law by personally attending the recent fight between Jess Willard and Jack Johnson.

Record For Club Swinging.

Tom Burrows, the champion club swinger, has recently put up a world's record for rapid swinging at Cairo, Egypt, completing fifty-one hours' continuous swinging with an average of 140 revolutions a minute. Burrows created a record of 107 hours' continuous club swinging at Aldershot, England, in April, 1913.

SEEK PARDON FOR LIFE PRISONERS

Minneapolis, Minn., July 8.—The state pardon board will today give a hearing on the evidence claimed by friends of three men who are serving life terms for murder, to decide on the application for pardon entered in behalf of John Kolb, Charles Hammond and Orlin Kalderwit. The three men have served time for ten years for a murder which their friends claim they did not commit. The murder took place on Thanksgiving Eve, 1904, and the victim was Fred King, a young man, who was with his father in a saloon during a turkey raffle. Three men entered the door and began shooting up the place. The bullet which hit the boy was believed to have been intended for the bartender, Kolb, Hammond and Kalderwit were arrested and given life terms. Recently a witness came forward who stated he heard men in a conversation on the night of the shooting, and heard them tell of shooting a boy. A woman who knew the three men and whose story, their friends assert, will clear them, may appear today. Hitherto she has not told what she knew, because her husband had feared the notoriety, it is said.

THREE EYE LEAGUE OWNERS NAME COMMITTEE TO VISIT FREEPORT

BLOOMINGTON, Ill., July 8.—Owners of clubs in the Three Eye league met here today with President Tearney of Chicago to discuss what shall be done with the Dubuque team, Dubuque having dropped out. Manager Cummings of the Freeport team of the defunct Bi-State league was also here and desires that Freeport be given a franchise. President Tearney and C. V. Olson of Rockford were named as a committee to visit Freeport and see what arrangements can be made for placing the homeless team in that city. They will visit Freeport Friday.

SPORTING NOTES.

It is a year ago today that Freddie Welsh won the world's lightweight championship from Willie Ritchie in a London prize ring. The followers of the fight game are demanding that the Englishman get busy and defend his honors against the three American aspirants, Charley White, Willie Ritchie and Joe Welling. Welsh has made a stack of money, for his title was an excellent asset as a drawing card. Now the fans are demanding that he go over the 20 round route against the choice of his American rivals, and give the sport fans a run for their money. Welsh has had numerous bouts, but they were all short ones and in them he showed nothing alarming in the way of speed or generalship. He is well liked, is heady and resourceful, but after a year of championship honors, it is decreed that it is up to him to take his chances in defense of his title.

Dario Resta, the speed pilot who lowered all records between 200 and 500 miles at Chicago, will enter the Twin City 500 mile race set for Sept. 4, at Minneapolis. Another big purse of \$50,000 has been hung up there.

Joe Tinker, the fighting leader of the Chicago Whales, is putting over the real thing in baseball, despite his 35 years and, like his old partner, Johnny Evers, is still shining more brightly than the youngsters.

Boxing will open at St. Paul next Monday night with a fast mill between Tom Gibbons and Billy Miske.

tween Tom Gibbons and Billy Miske.

The next big rowing event is the championship regatta, at Springfield, Mass., scheduled for August 13 and 14.

The Pacific tennis stars are entered in the Coast championships, which will begin on Saturday on the exposition links.

The golfers are in their glee over good weather during the early summer, and the game has had a big impetus.

The motor speeders will be seen at Burlington, Ia., on Friday, and on Sunday Milwaukee holds a 100-mile race.

The New England League has shifted its Manchester, N. H. team to Greenfield, Mass., owing to poor attendance in the mill city.

COUNTY AGENTS WANTED—The Meyers Auto Tire Safety Valve stops the trouble—the demand for new tires. We're talking to you now. We may not prove popular with tire manufacturers, but our valve will fit anybody's tire. You want the tire to last. You may have the most expensive car on the market, but when your tires go wrong, joy ceases. Hundreds of inventions are for betterment and pleasure of motoring, but the Meyers Auto Tire Safety Valve is the first practical one for regulation of pressure. It means exactly to an auto what a safety valve means to a locomotive, thrasher engine, or any other container of high fluctuating pressure. The principle, the valve, the material and the results are the same. It takes care of over-inflation by carelessness in pumping up, and high pressure from heat and friction. It prolongs the life of new tires and insures the old ones. It saves you time, money and patience and does more toward reducing your upkeep than any other invention of the automobile age. BLUE GRASS LAWYERS GO DRY—OFFICIALLY.
Frankfort, Ky., July 8.—Grape juice will be the strongest official beverage at the banquet tonight of the Kentucky Bar association. Officially, the association has gone dry and for the first time. But—there is no real reason why the barristers should suffer, the committee having no control over hip pockets.

WORLD'S MARKET NEWS

REPORTS OF EFFECTS OF STORMS LEAD TO RUSH TO BUY WHEAT

Prices Make Substantial Gain, Notwithstanding General Unsettled Estimates That Crop Report Will Indicate a Decided Increase in Probable Yield.

Chicago, July 8.—Wheat prices made a substantial advance today, notwithstanding general accepted unfavorable estimates that the government crop report would indicate a decided increase of the probable yield as compared with the prospects a month ago. Storms which improved that the delays of the movement of new wheat would become worse were chiefly responsible for the upturn in values. The market closed steady at 1c to 1 1/2c above last night. Corn gained 1 1/4 to 1 1/2c and oats a shade to 3c. In provisions the outcome was unchanged to 3 1/2c lower.

Reports concerning the effects of high winds and torrential rain, especially in the Ohio valley, led to a general rush to buy early wheat, as soon as trading began. Other deductions quickly returned from relative weakness to strength, in sympathy with July. No reaction of any consequence took place until the last half hour of the session. Then a moderate set-back resulted from evening up sales to prepare for the bearish showing expected in the government crop figures.

Export demand for new wheat appeared to have improved to a considerable degree. There were advances of quite liberal sales for shipment to Europe by way of the Gulf of Mexico and it was said that 800,000 bushels more had been purchased to go from New York, mainly in August. In this connection a bull leader here went on record with the opinion that the maximum crop in this country had already been discounted and that sooner or later the trans-Atlantic call would require American wheat running into hundreds of millions of bushels.

Unfavorable weather and active shipping demand kept the corn market on the upgrade. As a rule traders correctly assumed that the government report as to corn would prove to be of a bullish character. In the oats crowd the ruling influence was fear that serious damage had been done by storms. Well-founded anticipation of decidedly bearish figures from Washington finally acted as something of an offset to the early advance.

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made
Well by Lydia E. Pinkham's
Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 3961 Tchoupitoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."

—Miss ESTELLA MAGUIRE, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Greatest Event in Woman's Life

All human experience looks back to motherhood as the wonder of wonders. The patience, the fortitude, the sublime faith during the period of expectancy are second only to the mother love bestowed upon the most helpless but most marvelous creation—a baby.

Women are quick to learn from each other those helpful agencies that aid to comfort, that conserve their nervous energy and yet are perfectly safe to use and among these they recommend "Mother's Friend."

It is entirely an external application designed to lubricate the broad, flat muscles and skin that protect the abdomen. It has been in favorable use for nearly half a century and is known to mothers in almost every settled community in the United States who highly recommend it. You will find it on sale in drug stores. "Mother's Friend" is utterly harmless, contains no deadening drugs and yet its influence in the skin and muscles beneath also upon the network of nerves beneath the skin is very beneficial, very soothing and a wonderful help. The muscles expand naturally and are not subjected to the unnecessary surface strain and pain during a most trying period.

Get a bottle of "Mother's Friend" today at any drug store and write to us for our instructive little book to mothers. Address: Ruffield Regulator Co., 513 Lamar Bldg., Atlanta, Ga.

PEORIA WOMAN PRAISES REMEDY

Mrs. Tillia Conard Tells Remarkable
Experience After Suffering for
Months.

Mrs. Tillia Conard, lives at 307 Morgan Street, Peoria. She suffered from stomach trouble for months. Nothing seemed to give relief. One day she visited a sister who resides in Bloomington, and upon urgent advice consented to try one bottle of Mayr's Wonderful Remedy. This, in her own words, is the story of her experience—

"For a number of months I suffered terribly with pains in my stomach; would fill with gas and belch for an hour at a time. I had pains in my side which at times I thought would kill me. I was under the doctor's care for four months, but got no relief at all. One day while in Bloomington my sister persuaded me to take a bottle of your remedy. To say the results were wonderful would be putting it mildly. After the first dose my pain left me, my appetite improved, my skin became clear again and I felt like a new woman."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

SPLENDID GIFT FOR THE MASONIC HOSPITAL

Ned Swain Gives Fine Farm to Aid
Hospital—Owner not a Mason.

The following from the Decatur Review tells the story of a recent gift of land valued at \$40,000 to the Masonic hospital at Sullivan. The donor is not a Mason but has observed the good work in which the Masonic home is engaged.

"On the platform during the dedicatory ceremonies at the Masonic hospital at Sullivan Monday, sat an angel unawares, to the thousands, who attended the ceremonies of the dedication. He was Ned Swain, a brother-in-law of Robert Miller, who gave the 264 acres of land which constitutes the Home farm.

"Mr. Swain has given 200 acres of land adjoining the Home farm, and valued at \$40,000 for the support of the new hospital. The deeds are in escrow and await the meeting of the Grand Chapter of Royal Arch Masons in October to complete the transfer.

"There remains only one condition to be fulfilled and that is the payment to Mr. Swain of \$800 a year for his support as long as he lives. There is not the slightest doubt that the Grand Chapter will officially confirm this arrangement and the land will pass to the hands of that body of Masons.

"There is only one mistake in this arrangement, according to the few who are familiar with it. The land should have gone direct to the grand lodge, A. F. & A. M., instead of to the Grand Chapter. The new hospital was built by the Grand Chapter and was turned over to the grand lodge.

"The Grand Chapter will have nothing to do with its management. The farm will no doubt have to be likewise turned over to the grand lodge to be managed along with the present Home farm. The two bodies of land will make a farm of 464 acres.

"Mr. Swain is a brother of Mrs. Miller, the wife of Robert Miller, who donated the farm to the Masons as a site for the Home. He is now about 60 years old and he is not even a Mason. He has an invalid sister but no other relatives. Residing on the farm adjoining he has seen the work of the Home and wishes to help it along.

Before suffrage is granted to women in Indiana, the election law will be revised. For it provides that the booths shall be so built that the "lower limbs" of the voters shall be plainly visible to the election officers.

That music inspires the muscles is the theory of Uncle Sam. The naval regulation requiring the band to play while ships are coaling is based on experiments that show that the crew works 33 per cent quicker with music.

In China many storekeepers leave their places of business arranged with prices noted on the goods, so that if customers arrive they can select what they want and leave the money. The trust is generally successful.

The economic loss to the United States from tuberculosis is \$214,500,000 according to a report at the Seattle convention two weeks ago.

Because four million tons of potatoes rot in Germany each year, the Kaiser sent a commissioner to the U. S. to inspect the American crop last year. The German savant, Dr. Otto Appel, was stranded when the war broke out, and worked for the U. S. Department of Agriculture, rendering a valuable potato report.

Cattle branding in the West is dying out, and like the cow-boy and the thrilling round-up, is going to the scrap heap. The fencing of land is the cause.

"MORNING GLANCES" (By Gosh)

The Pekin Rainbows come back Sunday for another tilt with the Eagles. The Rainbows are one of the best teams that ever came to Jacksonville. On their first visit here two years ago they played the locals a great game. They have done the same thing on every visit. The last time they beat the Eagles, 1 to 0. They are coming back to repeat the trick. The Eagles are just as determined to reverse the decision. The result will be a game worth going to see. While it has not been officially announced it is probable that White will again oppose Schroeder. White is going good now. He is improving every day. Schroeder is always good. The answer is a ball game from start to finish.

While talking about baseball many people do not realize that Jacksonville has one of the best semi-professional catchers in the business. Clark is certainly a good man back of the bat. He keeps his pitcher working and puts pep into the team. When he is right, and that is nearly all the time, few teams take liberties with him on the bases. Clark is plenty good enough for any team in a minor league of the class of the Central Association.

Christopher is playing a good game in left field. He is always in the game and when a play is being made it must be a long ways from him to keep him from either backing it up or getting into it.

Pittsburgh on its invasion of the east won the opening game from Philadelphia. The final score was 2 to 0. Mammaux held the Phillies safe all the way. The Pirates bunched their hits on Rixey and were aided by errors by Philadelphia.

Baltimore sunk further in last place by losing to Newark on Thursday. Newark won by a score of 6 to 2. Reulbach pitched a great game for Newark and would have scored a shutout but for an error by Esmond.

Sheehan who goes to Connie Mack's team from the Peoria Three Eye league team yesterday held Dubuque to three hits and shut them out. Mack surely needs some help. Hurry up, Sheehan.

The Whales beat Kansas City Thursday by a score of 4 to 0. McConnell won his ninth straight victory for the Whales. Indian Johnson also pitched a great game for Kansas City but lost through a wild throw by Easterly.

Pittsburgh beat St. Louis yesterday by a score of 13 to 5. Knitzer was in great form and only allowed St. Louis four hits in seven innings. He was forced to retire on account of being hit by a pitched ball.

SCULPTORS COMPETE ON KEY MEMORIAL

Baltimore, Md., July 8.—The leading sculptors of the country are preparing their designs for the \$75,000 memorial in honor of Francis Scott Key, author of "The Star Spangled Banner," which will be erected within the confines of old Fort McHenry in the war department has invited designs in competition, and these will all be submitted before December. The models will be mounted at the War department for the inspection of a jury of awards, to be composed of the Mayor of Baltimore, Congressman Linthicum and two sculptors and one architect.

Since the government turned old Fort McHenry over to the city as a public park, many improvements have been made, and the Key memorial will be placed in an imposing position there, under the direction of Secretary Garrison.

MRS. LEE VIOLETT CALLED BY DEATH AT WINCHESTER

Well Known Resident Answers Final Summons Thursday—Other Scott County Items.

Mrs. Lee Violet, who has been very ill for the past two months, died Thursday afternoon at 12:30 o'clock at the family residence. Some time ago Mrs. Violet suffered a fall which tended to hasten death although she had been a sufferer from cancer.

Her maiden name was Hilda Lee and after her marriage to Lee Violet, the family for a great many years resided in Riggston, Mr. Violet being employed by the C. B. & Q. railroad. Mrs. Violet was a woman of kind heart, earnest in all her endeavors. She was a loving mother, a kind and affectionate wife and her place will be greatly missed in the home. She was a member of the Christian church.

Besides her husband she leaves four sons Rev. E. E. Violet who is a well known evangelist of the Christian church, Gilbert of California, Leonard at home and Ray of Augusta, Ill. Rev. Mr. Violet is ill in a hospital at Seattle, Wash. and it is not probable that he will be able to attend the funeral services. Mrs. Violet also leaves one brother, George Lee, of Roodhouse. No funeral arrangements have been made.

Miss Abbie Eddings entertained the Kewpie Klan club at her home Thursday evening, in honor of her birthday. The members of the club are Misses Winnie and Bessie Pieper, Freda Fortman, Ethel Townsend, Marjorie Leib, Mildred Funk, Inez Sibert and Abbie Eddings. A luncheon was served at 6 o'clock after which a theatre party was enjoyed.

Personal Mention.
Miss Amelia Hieronymus spent Thursday with her sister, Mrs. Michael Cleary, who is a patient at a hospital in Jacksonville.
Miss Martha Higgins has gone to Alton to make a short visit with her sister, Mrs. Wallace Kinnison.

OBSERVED MONTHS MIND.
Solemn High Mass was said at the St. Bartholomew church at 9 o'clock Thursday morning for the late Rev. William J. Healy, pastor of the church, who died a month ago. Rev. Father Formaz, of this city, celebrated the mass, Rev. Father Smythe of Franklin was deacon of the mass and Rev. Father T. J. Beary of Murrayville sub-deacon; Rev. L. C. Ryan of Waverly was master of ceremonies and Rev. Luke Mandeville of Rochester was seated in the sanctuary. Music was furnished by the choir with Miss Alma Flynn as organist.

INSTALLED OFFICERS.

IN THE COUNTY COURT.

Before Judge Thomson in the county court Thursday a trial of property rights, with William Barber and wife and the Ayers National bank as the parties to the suit, was heard. The alleged illegal transfer of certain personal property by Mr. Barber to his wife was the basis of the suit and the court found in favor of the bank although a minor portion of the property was declared as properly belonging to Mrs. Barber. Bellatti, Bellatti & Moriarity represented the bank and J. O. Priest was attorney for Mr. and Mrs. Barber. John M. Butler appeared in behalf of M. Henderson who also had an interest in the case.

START FOR MICHIGAN.

Continued rains and resulting bad roads did not deter T. M. Tomlinson and party from starting for Pentwater, Michigan Thursday morning at 9:30 o'clock. A phone message from Springfield brought news of the safe arrival of the party there although bad roads were encountered. They met no other autos enroute but did see several farmers driving four horses instead of two. With Mr. Tomlinson are his son Edward, Edw. Dunlap and G. B. Andre. Mr. Andre will go to his farm near Mattewan, Michigan and the others to Pentwater.

GENERAL COMMITTEE HAS BEEN APPOINTED FOR HOME COMING

Citizens Are Working to Make the Event Memorable in the Annals of the Life of the Town.

The citizens of Franklin are exerting every effort to make the home-coming event a grand success this year. Bills have been circulated in nearby towns and cities and friends are being written to inform them of the event and the manner in which the occasion will be celebrated. If the home coming proves a success the proceeds will go toward laying a strip of concrete grout in front of the hitch rack around the park. The proceeds will depend upon the success of the barbecue dinner.

George Schaaf is chairman of the day and he has appointed the following executive committee:
Finance—John P. Smith, F. F. Patterson, Geo. Jolly.
Treasurer—T. J. Miller.
Program—W. N. Luttrell.
Grounds and Concessions—W. C. Hart, J. B. Wright, N. E. Woods.
Printing—J. O. Rolston, W. N. Luttrell.
Publicity—E. A. Roberts, G. N. Woods.
Speakers and Reception—M. B. Keplinger, W. C. Calhoun, Dr. J. B. Perkins, W. N. Luttrell, Dr. J. M. Elder.
Music—Newton Woods, E. A. Roberts.
Free Acts—W. N. Luttrell.
Horse Show—J. B. Sears.
Gaby Show—Mrs. F. F. Patterson.

Athletic Novelties—I. L. Sears.
Auto Parade—J. B. Sears.
Base Ball—J. C. Anderson, Dennis Whalen, Audie Beerup.
Decorations—H. E. Braswell, Geo. Hart, Leonard Hills.
Rest Room—Elmer Roberts, Dr. J. M. Elder.
The executive committee will handle the electric lighting, and see that plenty of ice and water are on the grounds.

The free acts and concessions committee are already receiving applications and there will be no lack of entertainment.

PAINTFULLY SCALDED.
Homer Furr, a former resident of this city, who is working in a canning factory at Fairwater, Wis., was painfully scalded recently as the result of steam escaping from a cooker. He was taken to a hospital in Fond du Lac, Wis. It is not thought that his injuries are serious, although several days will elapse before he can resume his work.

MR. HAIRGROVE DEFENDS POSITION ON ALDERMANIC PLAN

Declares People Who Sign Petition Are Behind New Government—Admits He is Sponsor for Plan.

As William N. Hairgrove was driving his fast horse through the grounds of Jacksonville state hospital last night a patient in one of the women's wards called to him through the grated window: "Nigger in the woodpile, Nigger in the woodpile." Now, under ordinary circumstances this salutation would not have disturbed Mr. Hairgrove greatly, but since he had been recently accused of ulterior motives in pushing the matter of an election for doing away with the commission form of government, he was a little puzzled. He thought perhaps the patient had originated the story, and said no matter what the source it was a delusion.

Mr. Hairgrove said further that his motives in the present agitation had been questioned and that someone wanted to know who was behind the movement. He declared that the people were behind the movement who signed the petition and that more than a thousand names had already been attached to the petition forms, and that these persons might properly be called the backers of the movement.

The main agitator for the present movement then said that he was actuated by a number of reasons, and went on to say that the board of education trouble had influenced him to some extent but that one of his main purposes was to reduce the cost of local government. He said that the commission form provisions made municipal government too expensive and that even though elections occasioned by voting on the proposition might result in some expense, that in the end a large amount could be saved in the operation of the local government.

It is Mr. Hairgrove's belief that under the aldermanic form a mayor can devote a few hours each day to the interests of the city and yet perform all that is necessary, and that the salary for such service would be small by comparison with the salary for mayor provided in the commission form of government law. He maintains also that aldermen can be persuaded to take the offices and serve at a very small salary in view of the city's needs.

And talking again about the responsibility for the present agitation and the motives behind it, Mr. Hairgrove said: "I confess that I am the most active agitator for this movement and that it was inaugurated in pursuance of my advice. After considering the matter I decided that such a course was advisable for Jacksonville and would put the city into better financial condition, and the hundreds of people who have spoken to me about the matter since it was first made public approving my course have convinced me that the aldermanic form is what the people really want. And, as I said, the people behind the movement are the ones whose names appear on the petition, and these will be made a matter of record within a very few days."

OPERATED FOR ADENOIDS.

Blair Andrews, son of Mr. and Mrs. B. C. Andrews of West Lafayette avenue, underwent an operation for the removal of adenoids at Our Savior's hospital Thursday morning. The operation was performed by Dr. A. R. Gregory, assisted by Dr. P. C. Thompson. He is getting along in a satisfactory manner.

As soon as the young man is able to travel Mrs. Andrews will take him to Colorado for a stay of several weeks. She will be accompanied by her daughter, Miss Ethelyn Andrews and son Master Neil Andrews. They probably will leave some time next week.

Miss Caroline Baptist, Miss Maebel Oliver and Miss Amy Pires will also accompany Mrs. Andrews. The party will take a cottage for the remainder of the summer either at Colorado Springs or Boulder.

ELLIOTT STATE BANK.

All deposits made in the savings department of the Elliott State bank during the first ten days of July will draw interest from the first of the month.

LOCAL HORSES IN RACES AT DETROIT

J. W. Woods and George Wheeler have returned from Detroit, where they went to see their horses in the races. The track was slow and the horses were about 3-1/2 seconds slower on account of not having been worked. They had been 48 hours on the road. Paul S. in the 2:20 pace, with purse of \$1,000, was fourth. The animal finished third in the last heat, making the time in 2:13 1-4. "George Ellerton," in the 2:40 pace, split the event. The time was 2:16 1/4, 2:17 1/4, 2:21. The horses will be taken to Jackson, Mich., where they will be raced next week.

BEARDSTOWN POSTOFFICE.

The bids for Beardstown's new \$50,000 postoffice building must be filed by 3 p. m. Friday, July 9, in Washington, D. C.

Postmaster Schweer has received no information from the postoffice department as to when the contract will be awarded, but correspondence received indicates that it is expected to award the contract within the next sixty days.

The site at the corner of Main and State streets has long been cleared and made ready for the new structure.
